PROFESSIONAL OVERVIEW

A creative and adaptable professional with a background in Digital Design and Animation, I enjoy combining creativity, problem-solving, and continuous learning in my work. While I value the focus and creativity that desk-based roles offer, I'm equally drawn to opportunities that allow me to connect with people, explore different cultures, and gain new perspectives through hands-on experiences. My passion for languages and cultural exchange has led me to pursue TEFL certification, French studies, and Japanese (JLPT N5), and I'm excited to continue expanding my skills and exploring new career paths where I can bring together my creative background, curiosity, and willingness to learn.
